

Fantasy and Mythology, Explored by Colleen Luxem

The Fairies of Nutfolk Wood by Barb Bentler Ullman (\$15.99). After the divorce of her parents, a disheartened Willa moves out of the city and into a quaint trailer in the country with her mother. She meets Hazel, a sweet elderly neighbor who watches Willa while her mother is at work, and is introduced to the tales of the fairies of Nutfolk Wood. Are the stories Hazel tells just tales or are there actually fairies living in Willa's neighborhood? This is a great story about family, friends, and the importance of believing. *Ages 8 - 11*
